Bathford with Kingsdown Twinning Association

Newsletter December 2020

Dear Twinning supporters

Joyeux Noël

Seasons Greetings from the Bathford Twinning Association.

As we approach Christmas, we think of family and friends.

We hope that you and your loved ones have remained safe and well. It may be that you won't be able to gather together in the way you'd hoped. However, we wish you as much joy as possible this season.

Sharing a sign of friendship and solidarity with our friends in Artannes

We have heard from our friends in Artannes about an idea to link the two villages this week in a gesture of friendship and solidarity. They propose that between dusk and bedtime on **Friday, December 11th**, we put some kind of lantern, lamp or candle visible to passers by, with red, white and blue colours evident (both our national flags colours). The light source can take any shape you like! It can be simple, elaborate, funny or sentimental.....it's up to you. It will complement the Advent Window Project being organized by the Church.

We would then like you to take a photo of it and email it to info@bathfordtwinning.org.uk who will collate the pictures into a montage and send it to France.

In Artannes, families and households will do the same.

Later, we hope to circulate our montage to you along with one from Artannes.

Please be encouraged to take part!

Other News

We have been busy recently with a few things to celebrate the 15th Anniversary of the signing of the Twining Charter in Bathford. You may have seen details in the Bathford Bulletin.

We are in the process of refurbishing the bench the Twinning Association positioned at the top of the Manor Field in 2005. New slabs have been laid to secure it in position and make it more stable to sit on. We now need to work on the bench itself.
